Low price seldom commends an article — good quality always does. — Burnett.

WE present thanks for the liberal patronage hitherto bestowed upon our Preparations.

They have stood the test of time and competition, and have established a universal reputation for purity and efficacy.

Encouraged in our endeavors, we shall maintain the

STANDARD QUALITY

of our Manufactures, regardless of cost, — and trust that their merit and attractiveness will continue to elicit the favor of the public.

We refrain from decriing other manufactures, but, owing to the unprincipled habit of many of recommending inferior articles (including some of foreign make, or foreign in name only), which may afford them larger profits, we caution all persons to observe that our name accompanies the wrapper and label of *all* of our *Standard Preparations*.

The name is also BLOWN IN THE GLASS.

PREFACE.

OUR FLORAL HAND-BOOK for 1865 has been received with unexpected favor. We now present a revised and much improved edition for 1866. In its preparation the best authorities have been consulted. The vocabulary of the Language of Flowers has been much enlarged, and all that care can do has been done to render it in every respect correct.

Flowers, from the earliest ages, have been associated with the tender sentiments of the heart, and thus have often been the means of telling the tale which words dare not speak. They too have been a source of poetic inspiration, and poesy of all ages has found images of joy and beauty

“In the bright consummate flower.”

Hence we offer no apology for inserting throughout this little book a few gems of song, which we have culled to please and instruct our readers.

“Flowers are the brightest things which earth
On her broad bosom loves to cherish;
Gay they appear as children's mirth,
Like fading dreams of hope they perish.

By them the lover tells his tale;
They ean his hopes, his fears express;
The maid, when looks or words would fail,
Can thus a kind return confess.

Then, lady, let the wreath we bring
For thee a wreath of beauty twine,
And as the blossoms deck the spring,
So every tender wish be thine.”

BOSTON, January 1, 1866.

Deeds are fruits ; words are but leaves.

The aroma and flavor of Burnett's Pure Extract Vanilla have made its name famous.

Who loves not flowers must have a heart of uncongenial soil. — *Hemans.*

BURNETT'S COCOAINE.

For promoting the growth and beautifying the hair,
and rendering it dark and glossy.

The COCAINE holds, in a liquid form, a large proportion of deodorized

Cocoa-Nut Oil,

prepared expressly for this purpose.

No other compound possesses the peculiar properties which so exactly suit the various conditions of the human hair.

It softens the hair when harsh and dry.

It soothes the irritated scalp.

It affords the richest lustre.

It remains longest in effect.

It prevents the hair from falling off.

It promotes its healthy vigorous growth.

It is not greasy or sticky.

It leaves no disagreeable odor.

It is the BEST and CHEAPEST hair-dressing in the world;
it promotes the GROWTH OF THE HAIR, and is entirely free from all irritating matter.

Be what you seem to be.

To Burnett's Preparations is awarded the palm. — *Horne Journal.*

Cocaine dresses, without greasing, drying, or stiffening the hair.

Extracts from authentic writings, by scientific authors, upon the Virtues, the Origin, and the Uses of COCOA-NUT OIL, the basis of the Cocoaine.

The sweet fixed oil of the cocoa-nut is deposited in very large quantities, in the formation of albumen, that takes place upon the inside of the shell, after the nut is gathered, and is expressed from the kernel by pressure merely.

“The use of this oil as a cosmetic has been universal among all the people of India for centuries. No other preparation of art could give that elegant suppleness of limb, that glowing smoothness of skin, and luxuriance and abundance of hair, which have so often been the admiration of travellers in those remote and interesting regions.” — *Selected.*

Marsden, speaking of the people of Sumatra, says, “Their hair is strong, and of a shining black, the improvement of both which qualities it probably owes in a great measure to the constant use of Cocoa-Nut Oil.” — *Marsden*, p. 45.

In Cocoaine this oil is presented *permanently deodorized and chemically combined with other ingredients*, forming an article unrivalled in excellence, and upon which, for many years, the public has set its seal of enduring approval.

A REMARKABLE CASE.

EAST MIDDLEBORO', MASS., June 9, 1864.

Messrs. BURNETT & Co. :

I send you a statement of my daughter's case, as requested. She will have been sick six years, if she lives until the first of August next: at times you would not think she could live ten minutes. Her distress would throw her into spasms, and as soon as she got breath she would go into another—sometimes a hundred times in succession. I have known her to lie five nights and almost five days without food or drink. She would lie in that situation perfectly insensible; she has had every tooth in her head taken out since she became sick.

Her situation and distressing sickness are known all over the Free States. For five years I have devoted most of my time to her—have sat up with her from ten and half past ten o'clock in the evening, to one, two, and three o'clock, until the birds began to sing in the summer mornings.

When her hair came off she had been afflicted with neuralgia in her head for three years. She had used, during that time, fifteen gallons of the best Cologne, twenty-five bottles Bay Water, besides many other powerful applications. These, with the intense heat caused by the pains, burned her hair so badly, that in October, 1861, it all came off, and for two years after her head was as smooth as her face.

Through the recommendation of a friend, she was induced to try your COCAINE, and the result was astonishing. She had not used half the contents of a bottle before her head was covered with a fine young hair. It would grow about an eighth of an inch in length, and then come off. It continued to do so at intervals for four months, when we discovered an irritation of the scalp.

We procured a bottle of your KALLISTON, applying it with a *soft muslin cloth*, still persevering with the COCAINE, applying that with the hand, and they had the desired effect. In four months her hair has grown several inches in length, very thick, soft and fine, and of a darker color than formerly. When her hair had grown two or two and a half inches, I never saw so splendid a head of hair, thick as a mat, and when parted it lay close to her head.

She still continues to use the Cocaine, and we have but little fear of her losing her hair. She finds the Kalliston so refreshing and cooling to her head, allaying the heat produced by pain, that she would not be without it.

With respect,

WM. S. EDDY,

(Of Wm. S. Eddy & Son.)

MARLBORO', MASS., July 11.

Messrs. JOSEPH BURNETT & CO.:

GENTS:— I am glad to have an opportunity to state to you how much we value the Kalliston. My family have used it almost daily for more than two years.

A single application has repeatedly removed the freckles from the face of my little boy, leaving his skin smooth and fair. And in all cases of sunburn or irritation of the skin, from whatever cause, it has proved itself a perfect remedy.

I can refer you to several cases of obstinate cutaneous disease, in which I know the Kalliston has had a wonderfully good effect. The daughter of one of my neighbors had suffered for many years from eruptions and painful inflammation of the skin, leaving it in several places puckered and quite red. I recommended your Kalliston. He has since informed me that from its use the skin has become soft and smooth, and the inflammation and redness have nearly disappeared.

I cheerfully give my testimony in its favor.

Yours respectfully,

Lazy folks take the most pains.

The best remedy for baldness hitherto invented is

BURNETT'S COCOAINE.

Its greatest efficacy is best secured by a perfect cleansing, before its application, of the hair and scalp, under which circumstances the Cocaine allays irritation, removes all tendency to dandruff, and invigorates the action of the capillaries in the highest degree. Its effect upon the glossiness and richness of the appearance of the hair is such as cannot be surpassed.

BALDNESS.

BOSTON, November 24, 1859.

GENTLEMEN:—When I first used your Cocaine, I had been bald several years.

The ladies of my household urged me to try your Cocaine, which I did to please them, not having myself any faith in the power of man to restore my hair. I have used the contents of one bottle, and my bald pate is covered all over with young hair, about three eighths of an inch long, which appears strong and healthy, and determined to grow.

In a word, your Cocaine is excellent, — the best preparation for the hair I have ever known, and the only one which accomplishes more than it promises.

Very truly, your obliged and obed't servant,

D. T. MERWIN.

Messrs. JOSEPH BURNETT & Co., Boston:

WILT THOU GO WITH ME? *Pea, Everlasting.*

LOVE. *Myrtle.*

Come live with me, and be my Love,
And we will all the pleasures prove
That hills and valleys, dale, and field,
And all the craggy mountains yield.

There will I make thee beds of roses,
And a thousand fragrant posies;
A cap of flowers, and a kirtle
Embroider'd all with leaves of myrtle. MARLOWE.

BURNETT'S ORIENTAL TOOTH-WASH.

A SUPERIOR DENTIFRICE.

The Elixir for the Teeth and Gums combines, in a concentrated form, the most desirable cleansing and astringent properties: at the same time, it contains nothing which can possibly injure the most sensitive and delicate organization.

It beautifies the teeth and gums.

It arrests decay of the teeth.

It cures canker in the mouth.

It is unsurpassed as a gargle.

It acts as a detergent after smoking.

It renders the gums hard and healthy.

It neutralizes the offensive secretions of the mouth.

It imparts to the breath a fragrance purely aromatic and pleasant.

It has received the sanction and patronage of the most eminent of the dental and medical faculty.

This pleasing preparation is with confidence recommended as the best possible combination for the preservation of the teeth and gums which art or science can produce. It is entirely free from acid or mineral salts, or any thing which can in any way injure the enamel of the teeth. A single trial will establish its claims.

Hope is an anchor to the soul.

Deal gently with the erring ones, as God hath dealt with thee.

Oriental Tooth-Wash is not loudly advertised, but loudly praised.

BURNETT'S COCOAINE

Is superior to all animal oils in the following particulars:—

It is a cooling Vegetable Oil. (*Animal oils are heating.*)

Its rapid absorption leaves little residue on the surface.
(*Animal oils do not possess this peculiarity in any great degree.*)

It does not quickly become rancid. (*Animal oils do.*)

It imparts glossiness to the hair by its penetrating power,
rather than by mere outward lustre. (*The contrary is true
with regard to animal oils.*)

The inventors of Cocaine, knowing that animal oils
— Bear's Grease, Pomades, &c. — induce heat rather than
alleviate it, turned their attention and pharmaceutical
science towards Vegetable Oils as the basis of a medica-
ment to promote the growth and preserve the beauty of
the hair. The *Oleum Cocos*, or

COCOA-NUT OIL,

presented itself most strongly as possessing many proper-
ties peculiarly adapted for the purpose; but its odor and
density were objectionable, and seemed for a long time to
defy all efforts to render it available for popular use. By a
scientific selection of other ingredients, those which will
chemically combine with the oil have been discovered,
and they together have produced a topical compound
which is unqualifiedly pronounced to be the best that has
yet appeared.

In the form here presented, this oil is *permanently de-
odorized*, and held in a combination which peculiarly
adapts it to the Toilet.

Beware the fury of a patient man. — *Dryden.*

DANDRUFF.

BURNETT'S COCOAINE is an invaluable remedy for dandruff, rendering the hair soft and glossy, and inducing a healthy action of the capillaries.

BOSTON, October 30, 1859.

Messrs. JOSEPH BURNETT & Co.:

GENTLEMEN:— My worst complaint for several years has been dandruff, with itching and irritation of the scalp. After brushing my hair, my coat-collar would be covered with the white scales (dandruff), which looked like a shower of snow.

My barber tried various applications without effect. His abuse of your Cocaine, and his obstinate refusal to use it, provoked me to procure and try it.

I have used less than a bottle. The dandruff, and the irritation which caused it, have entirely disappeared, and my hair was never before in so good a condition.

Your obedient servant,
A. A. FULLER.

BURNETT'S CHOICE PREPARATIONS.

Messrs. Joseph Burnett & Co. have attained a most enviable reputation for the excellence of various articles in general use, manufactured by them. Their flavoring extracts are universally conceded by housekeepers to be the best in the market, and their toilet articles take very high rank among the trade. The Oriental Tooth-Wash, compounded by them, is unrivalled as a preparation for cleansing and preserving the teeth. The Cologne Water prepared by Burnett & Co. compares favorably with many brands of the veritable "Farina." — *Boston Transcript.*

JONAS WHITCOMB'S
REMEDY FOR ASTHMA,
ROSE COLD, HAY FEVER, &c.

The late JONAS WHITCOMB, of Boston, well known for his sterling integrity, visited Europe a few years since for the benefit of his health, which was much impaired by frequent attacks of

SPASMODIC ASTHMA.

While in Germany, an eminent physician, who became interested in his case, promised him relief. He followed the treatment ordered, and, to his surprise and joy, his asthma entirely disappeared. He procured the recipe which had accomplished so much for him, brought it with him to this country, and it became the property of the present proprietors. This remedy has been used in thousands of the worst cases, with astonishing and uniform success; and it is now offered to the public with full confidence in its merits. It contains no poisonous or injurious properties whatever, and an infant may take it with perfect safety: (See Circular accompanying each bottle.)

Extract from the "Life of Washington Irving," by his nephew, Pierre M. Irving, Vol. IV. page 272.

"The doctor prescribed, as an experiment, — what had been suggested by Dr. (O. W.) Holmes on his late visit, — 'Jonas Whitcomb's Remedy for Asthma,' a teaspoonful in a wine-glass of water, to be taken every four hours. A good night was the result."

Editors Rural New-Yorker:— Seeing an inquiry in the "Rural" for a cure for that distressing disease, the Asthma, I write to let the inquirer know what has almost cured me.

I have had the spasmodic asthma fifteen years, and never found any medicine that would prevent an attack when it was coming on, until I commenced taking "Jonas Whitcomb's Remedy for Asthma." I commenced taking this remedy eighteen months ago, and have not had a severe paroxysm since.

"*Whitcomb's Remedy*" has done for me all that it is recommended to do.

SARAH SEELY.

Ex-President Martin Van Buren's sufferings in his last illness were greatly alleviated by the use of Jonas Whitcomb's Asthma Remedy, as proved by letters in our possession from his physician, and from Mr. Van Buren himself, expressing much gratification with the results of its use.

Recommendatory notices might be much extended, but it is needless, because really but one theme is the burden of them all, and their general spirit is combined in the above.

REMEMBRANCE. *Rosemary.*

BURNETT'S COLOGNE WATER,

UNRIVALLED IN RICHNESS AND DELICACY OF PERFUME.

Frequent appeals have been made to us to supply a standard American Cologne. We have yielded to this demand, and add BURNETT'S COLOGNE WATER to our list. We believe it will be found worthy the generous confidence bestowed upon our other Toilet Preparations.

It is prepared from the purest and best materials, and with the utmost care. It is filled in elegant bottles of superior finish and beauty, — in themselves an ornament to any lady's toilet-stand. It is offered at a small advance upon the prime cost, and at a price within the reach of every one. Without effort on our part, it has, in a brief time, attained a large and constantly increasing sale, confirming the opinion of the best judges, that it is equal, if not superior, to the celebrated *Farina*.

One of the best Colognes ever made is Burnett's, of Boston. It is equal to the *Farina*, and is much cheaper. Full confidence can be given it. We speak from actual experience. — *Baltimore American*.

BURNETT'S COLOGNE is equal to the best imported. It is put up in a neat and elegant style, and wins for itself a favorite place on the dressing-table. Its intrinsic merits really justify the high reputation in which it is held. — *Providence Journal*.

BURNETT'S
STANDARD FLAVORING EXTRACTS.

Perfectly Pure, for Cooking Purposes.

The superiority of these Extracts consists in their

PERFECT PURITY AND GREAT STRENGTH.

There is no subject which should more engross attention than the purity of the preparations which are used in flavoring the various compounds prepared for the human stomach. These Extracts are warranted perfectly free from the poisonous oils and acids which enter into the composition of many of the factitious fruit-flavors now in the market. They are not only true to their names, but are prepared from fruits of the best quality, and are so highly concentrated that a small quantity only need be used.

ECONOMISTS find them to be MUCH CHEAPER than others at a lower price. A teaspoonful of these Extracts is equal to two or three teaspoonfuls of the Common Cooking Extract now offered for sale. They also possess the advantage of *clearly* imparting all the DELICATE FLAVOR of the fruits and spices from which they are prepared, and are less expensive.

BURNETT'S STANDARD FLAVORING EXTRACTS are neatly put up in 2 oz., 5 oz., and 10 oz. bottles, and are for sale by the trade generally in every principal city and town in the United States, Canadas, and British Provinces, as well as in many other foreign countries.

Thought is deeper than all speech. — *Cranch.*

NEW YORK SUPERIOR COURT.

AT THE SPECIAL TERM, April, 1859.

PIERREPONT, Justice. The following decision was given.

"It appeared before me, upon the trial of this cause, that the plaintiff, in November, 1856, compounded, from Cocoa-nut Oil and other ingredients, a mixture to be used upon the human hair; that he devised a name never before used, by which to mark his said compound, to wit:—the name or word 'Cocaine:' that he forthwith published in all his circulars, and in all the principal newspapers of the country, and especially in the city of New York, where the defendants reside, that he had adopted the above-mentioned name or title as a 'Trade-Mark,' to secure the public and the proprietors against imposition, and that all unauthorized use of this trade-mark would be prosecuted. * * * * *

"About two years after the first introduction of this article by the plaintiffs, the defendants, residents of the city of New York, commenced the sale of a somewhat similar preparation, put up in bottles not unlike those of the plaintiffs. * *

"The proof is clear that the plaintiff had, for nearly two years, advertised his mixture in nearly every newspaper in this city, and had published in the same papers that he had adopted the word 'Cocaine' as his Trade-Mark. The defendant was himself a witness, and he did not suggest that these notices had not been brought home to his knowledge; the conclusion is irresistible, that he was aware of their publication, and he intentionally adopted 'Cocaine' as a close imitation of 'Cocaine,' and for the purpose of deriving profit from the simulated trade-mark.

"The plaintiff is entitled to judgment, and an injunction must issue."

ENVY. *Bramble.*—It is the emblem of envy because it interferes so much with the growth of other plants.

ABSENCE. *Wormwood.*—Wormwood is the bitterest of plants. Its scientific name, Absinthium, is derived from the Greek, and signifies "without sweetness." It is, therefore, very appropriately made the emblem of absence.

Undertake nothing without thoroughly considering it.

Judge charitably and act kindly to each other.

There is no disease so dangerous as the want of common sense.

Make provision for want in time of plenty.

It has been justly remarked that the popular judgment, deliberately made up, is correct and reliable. It stamps with its own peculiar seal whatever it approves. The reputation which survives its searching and critical tests is established on a firm foundation. The really meritorious article finds favor at first but slowly and with many rebuffs; its inherent virtue continually asserts itself; its elasticity rebounds higher with every check, until it reaches the height of favor to which it is entitled.

Burnett's Standard Preparations are articles in point. They have been before the public many years: one by one they acquired friends; then they counted their hundreds; then their thousands. Success created rivals; competition assailed them, but their sterling merits withstood all opposition, and the popular verdict was largely rendered in their favor.

Burnett's Toilet Articles are now "household words," and in household use throughout the States and in many foreign countries.

They are of such admirable make as to combine substance with elegance—the supply of a *genuine want* with an appeal to the imagination in the poetry of their composition. And so long as ladies think

Loveliness

Needs the foreign aid of ornament,
And is, when thus adorned, adorned the most,

Burnett's Preparations will enjoy an ever increasing sale, and an ever brightening reputation.
